Education

B. Tech, St. Peter's Engineering College, Hyderabad B.Tech in Computer Science and Engineering

Sri Chaitanya Bhaskar Bhavan Senior Secondary Education in MPC

Dr.K.K.R Goutham School,SSC

Technical Skills

- Languages:Python, Java (Basics), C
- Web Technologies: HTML, CSS, JavaScript
- Databases:MySQL,DBMS
- Tools: Visual Studio, GitHub
- Soft Skills: Leadership, Teamwork, Communication, Team Management

Projects

Cardiac Arrhythmia Detection using Deep Learning

- Developed a CNN-LSTM model to classify ECG signals for arrhythmia detection.
- Focused on user-friendly interfaces across devices to enhance learning experience.

Technical Skills: Python, TensorFlow/Keras, NumPy, SciPy

Online Flat Booking System

- Created a full-stack platform for property listing, user booking, and admin management.

Technical Skills: HTML, CSS, JavaScript, PHP, MySQL

Personal Finance Dashboard

- Developed a responsive finance tracking web application using HTML, CSS, and JavaScript to manage income and expenses with real-time balance.
- Integrated dynamic data visualization using Chart.js to provide clear financial insights.

Technical Skills: HTML, CSS, JavaScript

Certifications

- Google Cloud Computing Foundations – Google Cloud (May 2025)
- Cybersecurity – Google (Jan 2025)
- Introduction to Java – Data Flair (Apr 2024)
- SQL Course Certification (Nov 2023)
- Python – Hacker Rank (Aug 2023)

Achievements

- Hacker rank Badges: Python (4 Stars), C (5 Stars), C++ (3 Stars), Java (3 Stars)
- Led team to 1st place in Design Thinking Workshop
- Participated in Paper Presentations Hackathons
- Attended Cybersecurity Workshop (Ethical Hacking Basics)
